TODAY'S HUMANITY,

In the world we are living, we've been slowly destroying our planet, intentionally or unintentionally. Like a clockwork, ticking, shifting second to seconds until the time when every possible thing to prevent the destruction is become impossible. Human, environment, nature, and culture it's all intertwined. When one got damaged, all the other aspect will also get ruined.

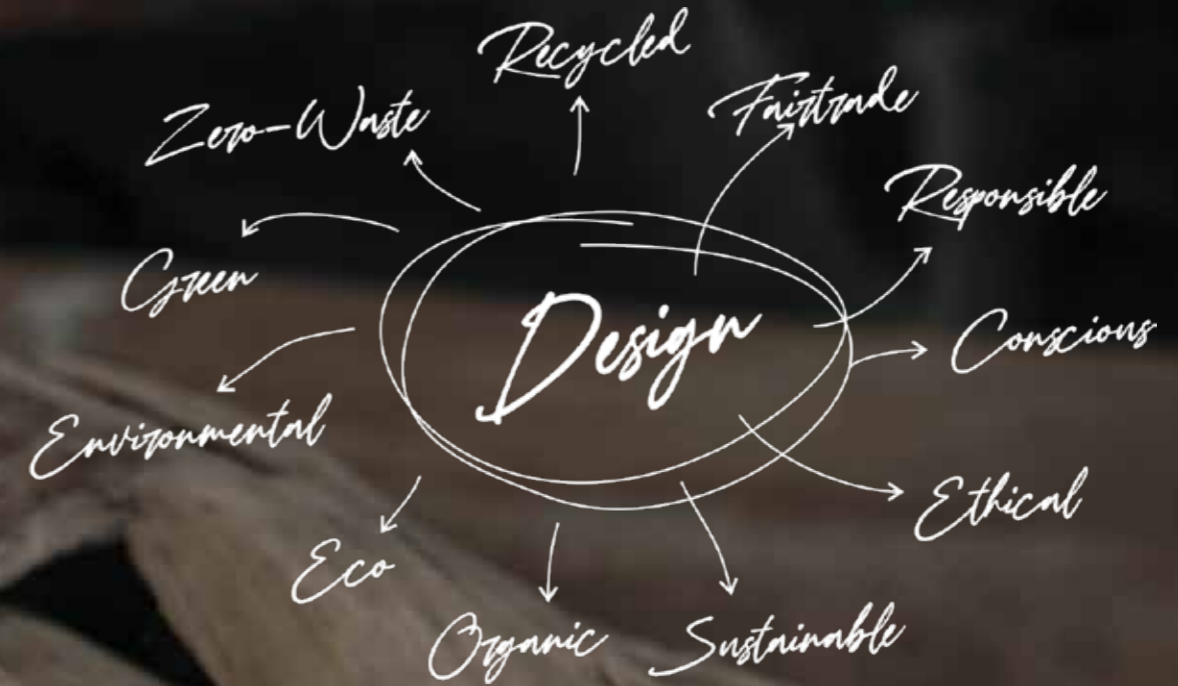

Human, are gifted to think and act. We, as a human being, needs to be more aware of the changes around us. Living in this planet, is not only by one day or two, we live together for a long time. Human should work together to find a solution that is most appropriate for the people. Since we are not living by our self, but with different race, believe, ethnicity and nationality.

When talking about humanity, respect and responsibility are the key. Learn to understand, encourage and support each other, find alternative, and learn from the mistakes could be a simple but meaningful way we can start to do. We should move towards the same goal: **to make the world a better place**. When people keep in their minds to protect nature and environment and also ensure respect for other human being, we believe that this world could be a better place to stay.

Today, in the year of 2022, things around the world start to heal slowly. The wound and sorrow phase we go through for the past 2 years are being cured in imperfect but beautiful way. People are starting to stand on their feet again and seeking for the trace from thing that left undone. In 2022, Seken Living will try to present to you more comfort and ease collection to guide you through this healing phase. This year collection will give you many pleasant feelings that could help you "physically". This 2022 collection, the effect from the sense of being ease in heart and mind is strong enough to give you leisure and peaceful time by yourself or with your close family and friend.
